After the Fiscal Court adjourned yesterday until Friday, the Magistrates went into caucus for the purpose of electing Infirmary Physician and Directors of said institution. Dr. H. K. Adamson was elected Physician for the ensuing year, and Esquires Clark, Thompson and Lloyd were elected Directors.

Circuit Court Clerk Isaac Woodward and Mr. William Dickson were distinguished guests at an elaborate supper given at Germantown last evening. Both gentlemen are handsome, popular and of marriageable age, and there is no telling what Cupid has in store for them in that aristocratic neighborhood.

According to a dispatch the body of the man who hung himself before a train in Latonia Monday and was killed was identified as W. D. Bell of Maysville, but who formerly was operator at Palmouth. He had separated from his wife, who before her marriage to Bell was the widow Heddleson, and resided near Cherry Grove Campground. Relatives live in this county, according to Earl Bronson, L. and N. Station Operator at Latonia, who identified the remains. Bell and Mrs. Heddleson were married in this city August 23, 1899, by Judge C. D. Newell. Divorce proceedings were instituted, but were discontinued in 1900. Bell was well-known in this city, and his claim as to being a telegraph operator is doubted by those in a position to know if such had been the case.

CHICAGO MOVEMENT

Ministers Petition Governor Beckham to Pardon Caleb Powers

Resolutions requesting Governor Beckham to interfere in the case of Caleb Powers, convicted on the charge of the murder of the late Senator Goebel, have been passed at a meeting of Evangelists and Christian Workers conducting services in Chicago under the auspices of the Northern branch of the Presbyterian Church.

The resolutions request Governor Beckham to make use of the pardoning power, either setting Powers free or securing for him a new trial.

The Chicago meeting was called by certain Evangelists whose sympathies had been aroused by a knowledge of the conditions surrounding and causing the conviction of Mr. Powers. These men have friends who were present at every trial, and who say they are positive the man had a "political" hearing.

A committee has in charge the remitting of the resolutions to Mr. Beckham, and letters are being also sent to the Governors of all the states and territories in the Union requesting co-operation and formal remonstrance on the part of those officials.

Some of the men who signed both the resolutions which have been forwarded to Governor Beckham and the letter which is being sent to other Governors, are: Dr. J. Wilbur Chapman of New York; Harry Maxwell of Green Castle; N. G. Pugh of Joliet, Ill.; Frank Dixon of Oakland, Cal.; D. S. Troy of Baltimore and George A. Fisher of Kalamazoo, Mich.

THE Trustees of Berea College propose to find out which is the biggest man—the late Kentucky Legislature or the Constitution of the United States.

JAPAN has 480 daily newspapers; Russia only 90. But if one-half the latter are of the Hearst brand, the Japs will be whipped out of their boots—on paper.

THE Pullman Company will hereafter build sleeping cars with plain furnishings, so as to minimize the harbors for germs. The Porter microbe and the "tip" bacilli will remain the same, however.

THERE is a threatened disruption of the Insurance Trust at Lexington, with a promised slashing of rates. It is to be hoped that it will extend to Maysville, where the Octopus has the people by the throat.

FOR the month of March Uncle Sam's Mint broke the world's record for gold coinage, producing \$83,113,500. Mr. BRYAN is probably too busy trying to get that "sealed letter" bequest of \$50,000 to have heard of this.

CALEB POWERS may or may not be "sprouting wings," but the fact remains that he was twice "convicted" by solidly Democratic juries and a solidly Democratic Court, and that both "convictions" were set aside by the highest Court in the state—once when a majority of the Judges were Republicans and once when a majority were Democrats.

WHENEVER a man by newspaper advertisement warns persons not to trust his wife on his account, it's a safe gamble that he couldn't buy a Limburg cheese sandwich on credit.

It's a safe bet that there are scores of men employed at \$4 a day in the Government Printing Office at Washington who are not competent to set type on a second-rate country weekly, and who, if put on piece-work, couldn't earn \$8 a week. And these are protected by the Walking Delegate, the Civil Service Fraud—and the cowardly politicians.

This was important enough to find its way into the telegraphic columns of the big dailies—

"BALTIMORE, April 2d.—President RENSEN and the Faculty of Johns Hopkins University have examined eighty of the students of the University on their knowledge of the Bible, bringing out the fact that only one of the eighty could identify two quotations from the Scriptures, and he is studying for the Ministry."

Now who will say there isn't need for a few more Missionaries in Beloochistan—or Baltimore?

GOVERNOR BECKMAN approved the bill appropriating \$20,000 to build a monument to Senator GOBEL, and vetoed the bill appropriating the pitiful sum of \$500 to repair the monument of ZACHARY TAYLOR, once President of the United States, and keep his grave in order. Which of the two shed the most honor upon Kentucky?—*Mt. Sterling Sentinel.*

Say, young man, what are you talking about? Honor? Don't you know that "honor" is a back number when applied to Kentucky politics? Why don't you ask, "Which of the two shed the most offices on the hungry Democrats?" That's the thing that counts.

THE COLONEL'S CONFESSION

Best Man at Aberdeen Wedding Way Back in the Fifties

Colonel Breckinridge in Lexington Herald.

In the fall of 1854, nearly a half century ago, when the writer was a young student at Center College, having just passed from the junior to the senior class, he became the best man at a wedding. It was not held according to the ordinary rules of weddings in the Bluegrass. The Fair was going on in Danville. A classmate was desperately in love with a handsome young lady of Harrodsburg, whose parents were opposed to the marriage, partly, perhaps largely, on account of the youth of the parties.

The young couple after having pled in vain for consent to an early marriage, in the impatience of their love determined to go to Aberdeen, and the writer was induced to assist in the elopement. He and his roommate and the young couple formed a quartette of elopers. It fell to our lot to be guilty of the deception that was to be practiced on the parents, which was to make them believe that their daughter was going to the Fair at Danville to spend the day and night with some friends, and we were permitted to be her escort. It was an exquisitely beautiful lull day. The young lady and we were in one buggy and the other couple were in another, apparently having no connection with our movement. We drove from the old Potestell hotel in Harrodsburg towards Danville, turned at the Southern edge of the town, passing around the town, drove to the ferry over the Kentucky river, and on towards Lexington, and were joined on the road by our companions; took our lunch in Lexington, at the Broadway Hotel, changed horses and drove through to Maysville, changing horses again at Blue Lick, where we snipped. We reached Maysville about midnight, and with some difficulty finally got a boatman to row us across the Ohio river. The moon was at the full, with a cloudless sky, and it was a beautiful scene. The other participants in that elopement have long since passed across the silent river and rest under the shade of the trees on the other side.

One Minute Cough Cure is a good ailment for young and old. Wood & Son, Druggist.

Save Your Daughter

No. 185 West 88th Street, New York City, N. Y., April 8, 1904.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The bow became regular and we have not had any difficulty since.

WINE OF CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.

How An Old Darkey Described a Familiar Law Term

Washington Post.

A story is told in the House Democratic cloak-rooms of Representative Bankhead's appearance at one of the registration places of Alabama. He found the registration officials busily engaged in ascertaining a Negro's qualifications for exercising the right of suffrage. One of the requisites, under the new Constitution, is ability to read or interpret any part of that document.

Mr. Bankhead was standing at one side, observing the proceeding, when a registration official approached in great perplexity. "Mr. Bankhead," said he, "this is a very smart Negro. We have asked him every question we can think of. He answers them all. Can you suggest anything?"

"Why don't you ask him to explain a writ of certiorari?" responded the astute Alabama member.

That was done. The Negro scratched his head for a time, very much in doubt what to say.

"Deed, boss," he finally replied, "I guess you've done got me. I don't know what dat is 'cept it be something to keep n Nigger from voting."

A call for a waterways convention, to be held in St. Louis May 30th and 31st, has been issued to Mayors of cities and all who are interested in the subject by Captain W. D. Ward of St. Louis.

Wylie Griffith at Logan's Gap caught the barrel of whisky lost off the steamer Virginia at this place last Friday. He placed it aboard the steamer Greenwood on her down trip Sunday and received \$10 reward.

Although there is still a good shipping stage and plenty of coal in the harbor at Pittsburgh, few shipments were made Monday owing to lack of steamboats. All the steamboats belonging to the river combine and the independent companies are either on their way down or up the river or laid up for repairs.

Wild ducks are still plentiful on the Ohio and hunters are after them in bunches. The heavy flight of the game which set in from the South two weeks ago continues all along the Mississippi and the Ohio and tributaries. Rivermen and sportsmen say it is the greatest flight of ducks since 1880, when a long and severe winter was followed by the appearance of great numbers of ducks in all the lakes and streams.

How to Ward Off an Attack of Rheumatism.
"For years when spring time came on and I went into gardening, I was sure to have an attack of rheumatism and every attack was more severe than the preceding one," says Josie McDonald of Man, Logan county, West Va. "I tried everything with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and the first application gave me ease, and before the first bottle was used I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in my house, and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment." Are You a Dyspeptic?

If you are a dyspeptic you owe it to yourself and your friends to get well. Dyspepsia annoys the dyspeptic's friends because his disease sours his disposition as well as his stomach. Kodol Dyspepsia Cure will not only cure dyspepsia, indigestion and sour stomach, but this palatable, reconstructive tonic digests the whole digestive apparatus and sweetens the life as well as the stomach. When you take Kodol Dyspepsia Cure the food you eat is enjoyed. It is digested, assimilated and its nutrient properties appropriated by the blood and tissues. Health is the result. Sold by J. Jas. Wood & Son, Druggists.

"DO IT TODAY."

The true worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that backing cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY, and let that remedy be Dr. Bo-sch's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure, as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. For sale at Henry W. Ray's Postoffice Drugstore.
